

It's where you go to make your presence known...

GRAPHIC DESIGN AT KBSC!

EXCELLENCE IN DESIGN *starts with you, the client...*

Graphic design involves more than merely owning a computer and having access to clip art. But you already know that. You are an intuitive, knowledgeable business person who knows the market that you're in. You just need someone with creativity and vision to energize your marketing efforts.

DEFINING THE ESSENCE *is the real work behind good design...*

Whether it's creating a new and meaningful identity for your company, or revitalizing your existing image, the graphic design department at KBSC can truly highlight the vitality of your business or organization. We will work together with you to discover what you are all about and what message you wish to convey to your audience.

SERVING OUR CUSTOMERS *means caring as much about the image of your business as you do...*

The graphic design department at KBSC specializes in working with you to develop a creative and consistent approach to all of your commercial design needs.

"The graphic design staff at KBSC are wonderful to work with. We are very confident in their skills and creativity! They have been understanding and most importantly patient with all of our difficult design decisions. We look forward to a long working relationship with them!"

TIMELY AND PROFESSIONAL *means your job is done on schedule and our quotes are on target...*

No last minute surprises. The mark of a true professional is one who can provide quality and excellence on time and at a price that is affordable.

"Your efficiency, ability to meet deadlines, and follow-through with projects from beginning to end are of extreme value in working with you!"

Hannelore R. Leavy, Executive Director
